KNECHT CLOTHING CO. STORE IS RANSACKED BY ROBBERS

Merchandise Valued at More Than
\$1,000 is Stolen Some Time
During The Night

ONLY SMALL CLUE IS LEFT

Cap Bearing Trademark of Muncie
Clothing Firm is Found on
Floor This Morning

SHIRTS AND SUITS ARE TAKEN

Money Bag Containing \$10 in Cur-
rency and \$400 in Checks Are
Stolen From The Safe

The Knecht Clothing Company's store, located on the east side of Main street, between Second and Third streets was entered by robbers last night some time, and over \$1,000 worth of merchandise was taken. Only a small clue to the robbery was left.

The thieves gained an entrance through a window at the rear of the building, by prying open the bars and lifting the window.

The theft was not noticed until Henry O'Reilly opened the store this morning for business, when he discovered suits thrown around on the floor, and a general appearance indicating robbery had been committed. He went to the rear end of the store, where he discovered the window open, and the cash drawer from the safe lying on the floor.

The safe evidently was locked last night, but was easily opened by the robbers. Only about ten dollars in currency was taken, but a bag containing about \$400 in checks was also stolen, and was not found any place around the store.

It was difficult for the clothing firm to estimate an exact loss, as they were unable to tell how many suits of clothing were missing, but it was evident that the thieves were after higher priced garments, as those taken were above the \$50 mark, a hasty examination of the stock indicated.

At first this morning it was thought that a large motor truck had carried away the stolen articles, but his theory was abandoned this afternoon, as it was learned that the marks left by a truck, proved to be another truck that was there early this morning.

The supposition now is that the robbers carried away their loot in traveling bags as over \$75 worth of grips and bags were found missing from the stock.

Besides the men's suits taken, five dozen shirts ranging in price from \$36 to \$72 a dozen, and 11 silk shirts costing \$108 a dozen were taken by the thieves. In addition to these articles, Mr. Knecht estimated that \$36 worth of caps and a dozen and a half neckties were stolen. A half dozen soft hats valued at \$18 were among the loot.

The jewelry cases were looted and badly mixed up, so that it could not be determined just how much was missing from this department. Collars and socks went unnoticed as

RICHARD PUGH IMPROVED

Second Blood Tranfusion is More
Successful, Today's Report

The condition of Richard Pugh, 17 year old son of Mr. and Mrs. Jess Pugh, who was recently taken ill at Winona Lake with typhoid fever and underwent an operation for perforation of the bowels, was reported today as being slightly improved, but it is not known with what success the blood transfusion resulted yesterday.

The first transfusion between the father and son did not result satisfactorily, and a second transfusion was given yesterday with blood of William Pugh, his brother. Miss Louise Hogsett of this city has gone to Winona and will be the next person to undergo the transfusion process, if it is needed.

HOUSE REJECTS COAL RESOLUTION

Resolution Calling on President to
Re-establish Fuel Control
Defeated, 60 to 23

WAS LITTLE ARGUMENT ON IT

House Adjourns and Will Mark Time
Until Senate Acts on Some
Important Bills

(By United Press.)

Indianapolis, Ind., July 22.—The house of representatives of the special session of the legislature today rejected the concurrent resolution passed by the senate yesterday calling on President Wilson to re-establish the federal control over fuel industries. The vote was 60 to 23.

There was little argument on the resolution, which was introduced by Senator Beardsley and passed by a 26 to 15 vote in the upper body.

Following action on this measure the house adjourned until 10 a. m. tomorrow.

It will mark time waiting on the senate to complete consideration of the important legislation pending before it.

While Lt. Gov. Bush's special committee appointed to draft a "Cure All" tax bill was completing its work, the senate devoted the morning session to bills of minor importance.

Senators saw in the passage of the soldier memorial bill by the house another shift of responsibility by the lower body. As the measure was adopted by the representatives it appropriated \$2,000,000 and provided for the gift by the state of the grounds of Indiana School for the Blind as a site for the memorial building. But it does not make any provision for a re-location of the school for the blind.

COUNTY AGENT WANTS A DELEGATION TO GO

Receives Invitation to Attend Field
Meeting on Indiana Dairy Asso-
ciation

WILL BE IN MORGAN COUNTY.

County Agent D. D. Ball will attempt to secure an automobile delegation of Rush county farmers interested in the dairy business, to attend a picnic on August 3, which will be held eight miles west of Martinsville, in Morgan county. The county agent this morning received an invitation to bring a delegation to that place and attend a field meeting of the Indiana Dairy association, which will be in the form of a picnic.

The picnic is planned to be held on the well known Gossard breeding farm, and the county farmers organization of Morgan county will assist in the entertaining of the visitors.

E. T. Meredith, secretary of agriculture, will be the principal speaker in the afternoon, and all farmers are invited to meet the national agriculturalist. Mrs. Charles Sowell will also be on the program for an address exclusively for the women, and Miss Virginia Meredith, the noted dairy woman, will be there and take part in the day's program.

All Rush county farmers and dairymen who are interested and will attend, are requested to notify the county agent, so that Rush county will be well represented.

TO NOTIFY COX AUG. 7

Columbus, O., July 22.—A formal notification of Governor James Cox will be held August 7 at Dayton and that of Franklin D. Roosevelt August 9 at Hyde Park, New York, it was definitely announced today.

Fined \$100 For Contempt When He Denies Reporter Access To Dockets

Cleveland, O., Chief of Police Re-
fuses to Abide by Ruling of Court
on Injunction Demanded by News-
paper for Privilege of Seeing Re-
cords.

AN ANALOGOUS CASE HERE

Rushville and Cleveland, O., are in a class by themselves when it comes to having public records of the city locked, but in Cleveland the chief of police of that city yesterday was fined \$100 for contempt of court when he denied newspaper men the privilege of seeing the public documents.

It developed in Cleveland that a certain newspaper was "on the wrong side of the chief", and the public property was not available

for the public.

Rushville is a much smaller city than Cleveland but a similar case seems to exist here. Public records, including court dockets, are now concealed from the public, being locked within a safe in the city police court.

The following dispatch pertaining to the Cleveland case was received today and is as follows:

Cleveland, O., July 22.—Chief of police Smith was fined \$100 for contempt of court yesterday in connection with a suit of a local newspaper against Smith for denying police and public records, under his supervision, to be seen by its reporters.

Judge Levine had previously granted the newspaper an injunction against Smith and the chief was found guilty of contempt for failing to obey.

The chief had to borrow the \$100 to pay his fine.

FERTILIZER DID NOT KEEP PACE

Increase in Last Ten Years is Far
Below Average of Other Nec-
essities on Farm

OHIO PUBLISHES A BULLETIN

Increases of Necessities Are Also
Offset by High Prices Paid
Farmers For Their Products

Farmers who are protesting an increase in fertilizer prices may be surprised to learn that fertilizer has not advanced in price nearly as much as other articles used by the farmers, according to a bulletin issued recently by the department of agriculture in the state of Ohio.

The bulletin gives a complete list of various articles in general use by the farmers in Ohio, with percentage of increase during the period for ten years, from 1909 to 1919, as reported by dealers, hardware and general merchants in that state.

The table shows that fertilizer is almost on the bottom with an increase of 27 percent, with only two other articles listed as being lower, axle grease as 25 percent and sulphur as 10 percent.

During the period of ten years, the Ohio agricultural bulletin lists the following items, and many more and their increases, which will show that the farmers have paid a considerably higher percent for, than is being asked for fertilizer, is pointed out in the bulletin:

Axes, 122 percent; barbed wire, 103 percent; brooms, 240 percent; buggies, 80 percent; calico, 284 percent; coal, 92 percent; coffee, 124

HAS AN EFFECT ON FERTILIZER PRICE

Howard Eubank, Secretary of Far-
mers Association, Says Farmers'
Stand Brings Results

QUOTATIONS ARE DROPPING

Declares Price is Off From \$1.75 to
\$2.25 a Ton—Farmer is Only
Market For Product

That the campaign of the farmers of Rush county and elsewhere against the high price of fertilizer, is bearing fruit, is disclosed by a drop in price, according to an announcement today by Howard Eubank, secretary of the Rush County Farmers' Association.

Mr. Eubank declared today that the quotations on fertilizer in Rush county had fallen off from \$1.75 to \$2.25 a ton below the price which was quoted when the farmers began their organized battle against the high cost of fertilizer.

The campaign on the high price of fertilizer was sporadic, several townships, organizations of farmers having taken united action against buying at present prices, until Monday night of last week when, at a mass meeting of Rush county farmers numbering close to three hundred, it was resolved not to buy fertilizer until the price came down.

At that time it appeared that the majority of the farmers who voted in favor of such a resolution, were determined to stick to their stand, although a few said after the meeting that they could not afford to farm without fertilizer and that they would buy it at the price quoted at that time.

Hold America Unimpaired But Not Aloof, Declares Harding

(By United Press.)

Marion, Ohio., July 22.—Following is a summary of Senator Warren G. Harding's speech accepting the Republican presidential nomination:

League of Nations

The league covenant was conceived for world super-government negotiated in misunderstanding, and intolerantly demanded by its administration sponsors who resisted every effort to safeguard America and rejected it when these safeguards were inserted. The party means to hold America unimpaired and unsundered but not aloof. America aspires to, and the Republican party is committed to an association of countries, to preserve through justice rather than force. No surrender of rights to a world council or its military alliance or any assumed mandatory shall summon American youths to war and the Republican party welcomes a referendum to the people.

Formal Peace.

Formal and effective peace is

promised as quickly as a Republican congress can pass its declaration and a Republican executive sign.

International Relations

With the senate advising, all nations would be approached with proposals for a new relationship to commit the moral forces of the world, America included, to peace and justice, still leaving America free and independent.

Mexico.

Relations with Mexico should be friendly and sympathetic with a plain and neighborly understanding about protecting the border and lives and property of Americans in Mexico. Without this understanding which must be faithfully kept, there can be no recognition.

Prohibition

There is divided opinion respecting the 18th amendment and the law making it operative, but there can be no difference of opinion about honest law enforcement. Modification or repeal is the right of a free people,

IMMEDIATE DECLARATION OF PEACE PROMISED BY HARDING

ANOTHER NAME FOR THE HOLY ALLIANCE

League of Nations as Submitted by
President Denounced in Lodge
Notification Speech

CALLED PERMANENT ALLIANCE

Ready to Join in Agreement With
Other Nations in Extension of
The Hague Conventions

(By United Press.)

Marion, Ohio, July 22.—Henry Cabot Lodge today, in his speech notifying Warren G. Harding of his nomination for president, denounced the league of nations covenant as submitted by the president as "another name for the evil combination which was attempted a hundred years ago by the ill-omened Holy Alliance."

Lodge spoke at length on the league question and praised Harding for his conspicuous part in the defeat of the league as written.

"We have been and are quiet ready to join in agreement with other nations, in extension of The Hague conventions," he said, "for the upbuilding and codification of international law and the establishment of a world court of justice; for international conferences in regard to non-justifiable questions and for arrangements to bring about a general reduction of armaments."

"But when we are called upon to become an integral part of a permanent alliance of foreign powers to engage ourselves in all the conflicts and disputes of Europe where we have no interest, to put ourselves in a position where the youth of the country can be summoned by foreign nations to fight and die in disputes not their own, we absolutely decline the proposition."

"Such has been the policy of the Republican party as represented in the senate and such its policy shall remain. We are certain that you, who so largely helped to frame this policy, will when the executive authority comes into your hands, carry it out in such a manner that we can fulfill all our responsibilities to the world without binding ourselves to a league such as was submitted by the president."

HARDING TO SPEAK IN SEVERAL LARGE CITIES

National Chairman Hays Says Front
Porch Campaign Will Not
Exclude Some Speeches

MAY APPEAR ON EACH COAST

(By United Press.)

Columbus, Ohio, July 22.—Senator Warren G. Harding will speak in several of the largest cities of the country but will not make a barn storming tour, Will H. Hays, chairman of the republican national committee, said here today.

After a conference of the republican campaign committee here last night, Hays declared it was always understood the front porch campaign did not exclude some speeches at important national centers. Hays indicated that Harding might speak both on the Pacific and Atlantic coasts.

The committee adopted a resolution urging the republicans in the Tennessee legislature to vote for suffrage ratification.

RIOTING IS RENEWED

Belfast, Ireland, July 22.—Rioting between Unionists and Sinn Feiners was resumed here this afternoon. The postoffice at Falls Road was wrecked during the fight. Latest advices said three persons had been killed.

Republican Presidential Candidate
Declares For Association of
Nations, at Marion Today

HIS SPEECH OF ACCEPTANCE

Refers to League of Nations as
Supreme Blunder and Urges
Return to Party Government

NO MAN BIG ENOUGH TO RUN IT

Militant Suffragets, Piqued Because
Nominee Did Not Wait on Them
to Issue Suffrage Plea

(By RAYMOND CLAPPER)
(U. P. Staff Correspondent.)

Marion, O., July 22.—Immediate declaration of peace and a new effort to form an association of all nations based on justice rather than force, was promised by Warren G. Harding in formally accepting the Republican presidential nomination here today.

Scoring the League of Nations covenant as the "supreme blunder," he lauded the senators who opposed its unqualified ratification as "sentinels on the tower of constitutional government." The nominee was silent regarding ratification of the treaty or the League in case he is elected. However, he said he welcomed a referendum.

Harding opened his address with a broadside at "personal, dictatorial and autocratic government." He said "no man is big enough to run this great republic."

"Our first commitment," he continued, "is the restoration of representative popular government under the constitution through the agency of the Republican party."

Militant suffragets swooped down on Senator Warren G. Harding today somewhat piqued because the candidate issued his plea for action on the suffrage amendment in the Tennessee legislature on the eve of their arrival.

Militants had not counted on this sudden move by Harding and were planning to ask the candidate to use his influence in the legislature for ratification of the amendment.

Fifteen state delegations marched to the front porch of the home of Senator Harding, headed by Miss Alice Paul, national chairman. Two speakers addressed Senator Harding from a semi circle of suffragets, denouncing the republicans for failing to effect ratification.

One of the speakers, Mrs. H. O. Havemeyer, of New York said.

"We know Moses was slow but when it comes to suffrage I believe he would have to give the republican party time allowance."

The speech, delivered at Garfield Park here, in the presence of thousands assembled from all corners of the nation, dealt with a multitude of questions.

Preserved nationality with America retaining her independence although not holding aloof with the rest of the world, should be the guiding policy, Harding declared.

The candidate stressed the necessity of a return to party government and pledged himself to cooperate cordially with congress and to select a cabinet of "highest capacity."

FALLS ON PIECE OF GLASS

Colvin Stewart Suffers Severe Injury
and Stitches Are Required

Colvin Stewart, small son of Mr. and Mrs. Ben Stewart, who lives in Cottage Avenue, sustained a painful injury late yesterday, when he fell on a piece of broken bottle, severely cutting his leg between the ankle and knee. Three stitches were required to close the wound. The small boy was in the yard at his home when he fell on the glass, and a gash three inches long and an inch deep was cut in his leg, which proved to be very painful, but is not considered serious.

RICE FAMINE HITS CHINA

Shanghai (By Mail)—Profiteering has hit the uncounted millions of China's poor, and famine threatens. Daily the Settlement's police forces received word of the discovery of dead bodies of men, women and children, evident victims of starvation, being found by roadsides where they have been left because of families to stricken by poverty to pay for proper burial and trusting to the humanity of the foreign population to conduct the accustomed rites.

"Satisfaction" in the Psalms, will be the subject of the study in the mid-week service at the First Presbyterian church this evening. It is announced all will find this a well attended, helpful service. The meeting begins at 7:30 sharp.

LIVE STOCK

USEFUL ANIMALS FOR FARMS

Department of Agriculture Assisting in Improvement of Horses in Range Country.

The United States department of agriculture has bred and developed several stallions in its horse-breeding project now located at the U. S. Wyoming Horse Breeding Station, Buffalo, Wyo. The stallions will be leased to private breeders and community breeding clubs for the breeding seasons. In this way it is proposed to assist in the improvement of the light horse stock of the range country where

Defender, Ten-Year-Old Bay Stallion—Photograph Taken at Wyoming State Fair.

stallions of merit are not available and in those sections where light horses are preferred.

The number of available stallions is limited to about 10, as only the best of those produced have been retained or will be allowed to go out for public service. These stallions range in height from 15 hands 1 inch to 16 hands 2 inches, weigh from 1,500 to 1,400 pounds, and in nearly all cases are tried sires and known producers.

The object of the work at the station in which these horses are being produced is the preservation and development of a utility horse suitable for range and farm conditions. The points especially emphasized are the development of size, soundness, tractability, action, and stamina, in a useful animal which can be used under the saddle, on the road, or in the field.

Persons interested should address correspondence to the Wyoming Horse Breeding station, Buffalo, Wyo.

EARLY BREEDING ADVOCATED

Lambs Born in Spring Get One or Two Months of Mothers' Milk Before Fighting Worms.

Early breeding, in order that lambs may be old enough to offer strong resistance to worms when they are turned on pasture, is advocated by the Nebraska College of Agriculture. Ewes bred in October and November will lamb in March and April. This will give the lambs from one to two months on their mothers' milk and on grain before they have to combat worms. The principal objection to early lambing is the necessity of having a good burn. However, the expense and trouble from early lambing are more than offset by the ability of the lambs to survive the worm season. Extra feeding of ewes during the breeding season is urged. Well-fed ewes are more likely to produce twins.

TEETH OF CATTLE ARE LOOSE

Nature Intended Them to Be So to Prevent Injury to Jawbone in Cutting Off Grass.

The incisor teeth of cattle project forward and their upper surfaces come into contact with the "dental pad" of the upper jaw. Grass is cut off by the cow grasping it and jerking the head upward, thereby cutting it with the sharp edges of the incisors. If the incisors were firmly fixed in the jawbone injury to the dental pad would frequently occur. Don't worry when you discover that the cow's front teeth are loose. Nature intended them to be so.

LIVE STOCK NOTES

Quarantine your hog lots when cholera is in the locality.

Every pig lost at farrowing time lessens the chance of profit.

Alfalfa meal fed to breeding hogs helps to save high-priced grain.

Young boars should be separated from their mates at or before five months old.

Don't be afraid to sit up all night when the pigs are coming. You will be well paid for it.

Keep cholera away by having everything clean about the yards and buildings. Use disinfectants.

In these days of high-priced feed it does not look like good business to feed brood sows all winter and then through carelessness or neglect permit them to lose most of their pigs.

HAS AN EFFECT ON FERTILIZER PRICES

Continued from Page One
However, it is declared by the county farm association officials and others that the farmers have demonstrated their intention to stick to their determination by not contracting for any fertilizer.

"The fertilizer manufacturers have begun to realize," said Secretary Eubank today, "that the farmer is the only market for their product and that they have to sell it to him because they can't eat it."

Mr. Eubank drew an analogy between the present fertilizer situation and the conditions on the hog market last fall. He pointed out that farmers were holding their hogs for \$25 and when the packers quit buying, prices dropped and the farmers had to sell on a lower market.

"The same is true of the fertilizer market," he continued. "When the farmers quit buying fertilizer on account of the high prices, the price will go down because farmers are the only market for fertilizer."

Mr. Eubank also stated that he had found some places where more than \$2.50 was being paid for wheat. This is the price which Rush county elevators are offering, he said. Farmers are receiving as high as \$2.65 a bushel at some points, Mr. Eubank declared, which would seem to indicate, he added, that it would be advisable to hold wheat for a higher price.

FERTILIZER DID NOT KEEP PACE

Continued from Page One

percent; corn knives, 126 percent; dinner plates, 160 percent; dung forks, 135 percent; fertilizer, average grade, commercial, 27 percent; flour, 131 percent; gasoline 80 percent; harness, single, 153 percent.

Linseed oil 234 percent; men's suits 195 percent; milk pails, 200 percent; muslin 287 percent; overalls, 285 percent; sheeting, 253 percent; shingles, 167 percent; shirts, flannel, 154 percent; shoes, 137 percent; steel wire, 191 percent; binder twine 188 percent; wagons, double, 131 percent; single, 81 percent; and wire fence, 122 percent.

And the bulletin also points out to the farmers of Ohio that while prices have advanced on things that they must necessarily purchase, the prices for their own products have advanced accordingly, and for the benefit of those Ohio farmers who might be in doubt, the agriculture department of that state itemized a table of increases for a same period of time, and the table in part, is as follows:

Corn increased in price to the

farmers, 127 percent; wheat 89 percent; oats, 78 percent; barley, 123 percent; potatoes, 260 percent; hay, 108 percent; tobacco, 255 percent; sorghum syrup, 158 percent; apples, 168 percent; (live stock): hogs, 61 percent; beef cattle, 100 percent; sheep, 82 percent; milk cows, 127 percent; wool, 158 percent; chickens, 111 percent; eggs 87 percent and butter, 100 percent.

Horses were the only things that showed a decrease in price, according to the bulletin, which stated that they decreased 5 percent during the ten year period.

PRICES OF WHEAT TOO LOW

The farmers of Rush county were advised some time ago to put up their wheat, the outlook being elevators would be unable to handle it on account of the car shortage. At that time nothing was known as to the commission the elevators would ask to handle it themselves. When informed the prevailing price paid in this county by the elevators and mills was \$2.50 per bushel, with No. 2 wheat bringing on the market in Cincinnati, Louisville, Indianapolis and Toledo from \$2.82 to \$2.85, which with the total charges of freight, commission, inspection and weighing is less than 10 cents per bushel, we do not hesitate to advise the farmer to put up his wheat where it is possible and ship it himself, the same as he does his hogs, unless the local prices fall in line with the market. Should it become necessary for farmers to ship their grain, this office will furnish names of commission grain men in the different cities.

—Bert Walton of Indianapolis is here for a few days visit with relatives and friends.

—Will Manning will leave tonight for an extended stay in Tulsa, Okla., where he has accepted employment.

—Mrs. B. F. Miller was in Fayette county today visiting her sisters, the Misses Dessie and Effie Daily, who live east of Orange.

—Miss Margaret Ball will go to Indianapolis this evening for a week end visit with Miss Marian Darr of that city, who formerly lived here.

ST. PAUL HURLS DEFY AT THE TAIL LIGHTS

Willing to Play Local Team For Championship of Southeastern Indiana Under Any Terms

ACTON COMETS HERE SUNDAY

Manager John Conway of the Rushville Tail Lights, started something when he claimed the baseball championship of southeastern Indiana as the St. Paul team now comes forward with a challenge for the Rushville team, stating that they are ready to lay claim to the championship themselves.

The St. Paul team advised Manager Conway as follows: "Before claiming championship of this section of the state, please take notice. We will play you on our grounds or any neutral grounds for the entire gate receipts and a purse of \$100 to \$500, Manager Craig, St. Paul ball club."

The Lewisville Razz Jazz Babies which were scheduled for the game here Sunday, last night cancelled their game, and left the local team in a bad place, but a fast team was secured in the Acton Comets, who claim championship to the southeastern title, having won 29 straight games this year, losing last Sunday at Morgantown by the score of 4 to 1.

WHEAT STACKS ADVISED

Would Prevent Serious Damage in Case of Heavy Rains

Indianapolis, Ind., July 22.—The division of entomology of the department of conservation advises farmers to stack their wheat this summer, following a custom in vogue in Indiana several years ago before thrashing outfits became numerous.

According to Mr. Wallace, state entomologist, if hard rains continue at frequent intervals, much of the wheat will rot in the shock before it can be thrashed. Under the proposed plan of stacking it like hay, the stacks so constructed as to shed rainfall, the wheat will keep in excellent condition even if it were two or three months before thrashed. Farmers have too much at stake at the present price of the cereal to take even a chance of losing any of the grain, in the opinion of Mr. Wallace.

REGULAR LEGION MEETING

The regular meeting of Rush post of the American Legion will be held at headquarters in the Red Men's building Friday night and at that time it is requested that all petitions which have been circulated for a soldiers' memorial building here, be turned in.

How Will They Do It?

The platforms of both political parties hold out hopes of a reduction in the cost of living.

But how is it to be accomplished? It has long since ceased to be simply a matter of profiteers getting together and boosting prices.

Labor in all lines is high, and everything that goes into the production of an article for use or consumption is also high.

Profits in many cases could be shaved, of course, but prices can never get back to normal as long as wages and salaries remain as

MRS. M. E. SMITH, prominent Tampa, Florida, woman, who says, thanks to Tanlac, she is now able to walk around without the help of a cane after eight years of suffering. Says friends are all astonished at her improvement.

"I am so glad my health is being restored after suffering for over eight years with indigestion and rheumatism that I feel like telling everybody about Tanlac", was the enthusiastic statement made recently by Mrs. M. E. Smith, one of the best known and most highly respected women of Tampa, Fla., residing at 906 Morgan St., in that city. Mrs. Smith's statement is a most remarkable one and will be read with interest by a host of devoted friends.

In referring to her recovery, Mrs. Smith said: "The rheumatism from which I had suffered for years even me worse than ever

before I had stomach trouble, pained me worse than ever and until recently I was not only unable to walk without the use of a cane, but I was so weak at times I could hardly get out of bed. I tried many medicines but nothing helped me and I almost despaired of ever getting any better.

"Then Tanlac came along and it was helping so many people here in Tampa, my son brought me a bottle and it had such a wonderful effect on me that I immediately sent for five more bottles. In just a few days after I began taking this grand medicine, my appetite began to improve and in only a short time I was able to enjoy my meals and everything seemed to agree with me perfectly.

"My rheumatism is so much better and I have so much more strength I am now able to walk all about the house and up and down the stairs without my cane. Friends who have become so accustomed to seeing me walk with my cane are astonished when they see me now walking around without it.

"I will always praise Tanlac for what it has done for me, and I am to recommend it to my friends."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manila by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, and in Carthage by Otto C. McCarty.—(Adv.)

MICKIE SAYS

CHARLES KILGORE

they are.

Can you imagine any man voluntarily accepting a reduction in pay for his services?

We can not.

And can you see how commodities are to be materially reduced in cost until there is first a reduction in wages and salaries?

We can not.

Perhaps you possess a keen analytical mind and can see a way out of the whole muddle.

But there are a lot of folks who can't.

If you want to march sedately through a crowd, with head erect, chest thrown out, eyes to the front, and the multitude falling over themselves to give you the right of way, just interview a skunk before you start. You'll go through.

No matter how henpecked a man may be, there always comes a time when he can break even with his wife. That's in his will and there's no comeback.

After having reached the top of the ladder, some people become so disappointed with life they start right down again.

We frankly admit that it is a god-like to love our enemies as we love ourselves. But who wants to pose as God?

Don't waste time in pitying yourself. You can employ it to better advantage in removing the cause.

Every now and then some one lies down on a railroad track to sleep and never wakes up.

It is never too late to turn over a new leaf. But don't let it be a dead one.

Sap and Salt

By BERT MOSES.

You have to go below the surface to find the facts.

Human nature consists largely in making fools of ourselves.

If all evils were banished, what would the newspapers and lawyers do?

Faith and stupidity are alike in this—reason cannot prevail against either.

Hez Heck says: "There are enough men butting into things now without resorting to goat glands."

It is difficult to think well of people who go ahead of us in business or who beat us to it when we are after a job.

Just Folks

By EDGAR A. GUEST

THE FRONT SEAT.

When I was but a little lad I always liked to ride, No matter what the rig we had, right by the driver's side.

The front seat was the honor place in bob-sleigh, coach or hack. And I maneuvered to avoid the cushions in the back.

We children used to scramble then to share the driver's seat.

And long the pout I wore when I was not allowed that treat.

Though times have changed and I am old I still confess I race With other grown-ups now and then to get my favorite place.

The auto with its cushions fine and big and easy springs

Has altered in our daily lives innumerable things,

But hearts of men are still the same as what they used to be,

When surreys were the stylish rigs, or so they seem to me.

For every grown-up girl today and every grown-up boy

Still hunger for the seat in front and scrambles for its joy.

And riding by the driver's side still holds the charm it did

In those glad, youthful days gone by when I was just a kid.

I hurry, as I used to do, to claim that favorite place,

And when a tonneau seat is mine I wear a solemn face.

I try to hide the pout I feel, and do my best to smile,

But envy of the man in front gnaws at me all the while.

I want to be where I can see the road that lies ahead,

To watch the trees go flying by and see the country spread

Before me as I spin along, for there I miss the fear

That seems to grip the soul of me while riding in the rear.

And I am not alone in this. Today I drive a car

And three glad youngsters, madly strive to share the "seat with Pa."

And older folks that ride with us, I very plainly see,

Maneuver in their artful ways to sit in front with me,

Though all the cushions in the world were piled up in the rear.

The child in all of us still longs to watch the engineer,

And happier hearts we seem to own when we're allowed to ride,

No matter what the car may be, close by the driver's side.

Last Night's Dreams

—What They Mean

EATING.

THE question of eating is a very serious and unsettled one in Dreamland and about it the authorities dispute as acrimoniously as do those given to the eating habit in the world of realities over who is responsible for the present high cost of living. According to some, to dream that you are eating in company with others, either at the family dinner-table or at a banquet, is a sign that you will be successful in profitable undertakings and that your surroundings will be pleasant and cheerful. The opposing school warns you to beware of attending a dream banquet as that signifies that secret enemies are plotting against you, recommending only a small family party at the table. To dream of eating at all, say some of the oracles, means that you are going to spend money foolishly, to which the other side retorts that every one does, sometimes, spend money foolishly but not on the banquets of Dreamland, which are attended with profit and success. Perhaps the reason for this disagreement of the mystic authorities is that the old saying "What is one man's meat is another man's poison" holds good in the realm of shadow as well as out of it and that the phantom food of dream tables gives nourishment and strength to some egos while it gives others psychic indigestion. As the authorities refuse to agree on the eating subject the reader must determine it for himself. The next time you dream of eating observe what happens and then say which school of mystics is right. As to different articles of food even the pessimists admit that it is a good sign to dream of eating broiled meat. Potatoes are looked upon with favor but the ban is placed upon turnips, as they mean quarreling, and salads are declared to be distinctly unwholesome. Oysters, especially if raw, are the most highly recommended of dream foods. Eaten in any form they denote friendship and if raw splendid successes. All the pessimists can say against them is that they mean that you are going to become a gourmand. Many hold that to dream of being at a banquet means that you will soon go on a journey in an automobile, your residence or place of business. These same people say that while it is unlucky to eat at a dream banquet yourself, to see others eating fortells great success in all your enterprises. If you are unmarried you shall wed the one you love and live happily ever after with riches and dutiful children.

OMAR BUNDY IS NOW
A MAJOR GENERALFormer Newcastle Man Leader of
2nd Division and 6th and 7th Army Corps in Big Battle in France.

GRADUATE OF U. S. ACADEMY

Omar Bundy, of Newcastle, Ind. who has been elevated to the permanent rank of major-general, was the leader of the Second division and the Sixth and Seventh army corps in the big battle in France. He refused to rest after his troops had been forced to retire, but counter attacked, despite the fact that the French high command sent him word that he had better wait until his men were rested before going after the Germans and drove the enemy back over the ground from which the Americans had retired, and after that still farther.

General Bundy entered the United States Military Academy from Newcastle and was graduated in 1883. He participated in the campaign against the Sioux Indians in South Dakota in 1890-1891; was in the battle of El Caney, Cuba, July 1, 1898, and at the siege of Santiago; went to the Philippines in 1899 and operated against the insurgents and ladrones until July, 1900, and returned to the far east to serve from 1905 to 1907, having command of one of the columns in the assault on the Moro stronghold at Mt. Dajo, Jolo, in March, 1906; commanded the Second division in the A. E. F. from October, 1917, to July, 1918, and the Sixth and Seventh army corps from July to October 1918.

Says His Perscription Has Powerful Influence Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Your druggist has been appointed agent for Allen's in this vicinity with the understanding that he will freely return the purchase money on the first two bottles to all who state they received no benefit.—Adv.

TAKE

PEPSINCO

the best remedy for indigestion that ever came out of a drug store.

You know that pepsin is good for indigestion but pepsin could never do what PEPSINCO will. We have dealt in medicines long enough to know the various uses and value. We unhesitatingly say that PEPSINCO is the best remedy for indigestion, gas, flatulency, food distress, sour stomach and pains under the ribs, that ever came out of a drug store. Sufferers of indigestion and dyspepsia will do well to take PEPSINCO.

Ask your druggist—he sells and recommends Pepsinco.

"Dogged persistence" is the way owners describe Hupmobile performance. And what could warm a driver's heart more than to know that his car is always "there?"

COX WILL OPEN HIS CAMPAIGN AUGUST 15

Cox Will Invade Middle West and East While Roosevelt Will go Direct to Pacific Coast

PLANS ARE BEING COMPLETED

(By United Press.)

Columbus, Ohio, July 22.—The democratic stump campaign will be opened simultaneously in the middle west and east by Governor Cox and in the far west by Franklin D. Roosevelt about August 15.

Cox today said that his plan represents the consensus of opinion of the democratic national committee and that it would undoubtedly be followed. The presidential nominee said he expects to make his campaign in the west early in September. The last of August Cox expects to spend in filling sporadic speaking engagements in the east. New England probably will be invaded.

It was evident the national committee favored having Cox spend much of his time in Ohio, New York, New Jersey, Indiana and Illinois. He was making a flying trip to Maine. Roosevelt probably will be sent directly to the Pacific coast. Cox also is anxious now to speak across the mountains.

George White, Cox's campaign manager, is rushing the completion of the campaign plans. Cox will start writing his speech of acceptance within a few days. Senator Pomerene, now in the west, will confer with Cox soon to frame plans for full publicity on campaign funds through the senatorial investigation.

ARMY IS WITHDRAWN INTO LEGAL FRONTIER

Polish Premier is Said to be Complying With Terms of The Armistice With Soviet Russia

300,000 VOLUNTEERS FOR ARMY

(By United Press.)

London, July 22.—Premier Lloyd George in the house of commons Wednesday said the Polish premier had undertaken to withdraw the army of the Poles within the legal frontiers in accordance with the terms of the armistice with the Soviet Russia.

The British premier declared that the Soviets reply to the peace proposal of Great Britain showed the Moscow government was prepared to take the British proposal for the armistice in a friendly spirit but added that it had not been considered with the Polish proletariat government which Lloyd George characterized as "intolerable."

To test the soviet desire for peace the British premier declared Great Britain had advised the Poles to seek an armistice by direct negotiations with Moscow. If Russia refuses and continues to advance, the allies will assist the Poles.

Lloyd George declared that during the last few days the Poles had raised a new army of 300,000 volunteers. He said the British ambassadors had already gone to Poland and that Marshal Foch will proceed to Warsaw.

IS BUYING PAPER FOR SPAIN

Noted Buyer Obtains Pulp From Canada and Will Ship It

Quebec, Que., July 22.—A new market for Canadian pulp was developed here by the visit recently of August Ramoneda of Spain. Ramoneda represents 25 of Spain's largest paper mills and had instructions to place orders for as much Canadian pulp as was available. He secured, however, he stated only one-tenth of the amount he would to have purchased.

The Canadian Government Steamship Maple Court has just sailed for Spain with the first cargo of Canadian pulp for Mr. Ramoneda's clients, who consume about 65,000 tons of pulp per year.

Ramoneda will leave shortly for his home in Barcelona and while there he will endeavor to interest Spanish merchants in shipping their products, such as oils, nuts and fruits to Canada.

NO HOPES FOR RECOVERY

Edwin Bowen is critically ill at his home in West Fourth street and no hopes are held out for his recovery, it was stated today.

BLISS & COWING

The War Mothers Club met yesterday afternoon in the court house. Following an important business session, those present enjoyed a very delightful program.

The Pythian Sisters held their regular meeting last evening in the K. of P. hall in West Second street. A good attendance was present for the degree work conferred on several candidates.

Mr. and Mrs. Jake Parrish entertained with a bountiful pitch-in dinner yesterday at their home northeast of the city, honoring Mrs. Ralph George of Pierce City, Mo., Mr. and Mrs. Homer Bell of Huntington, W. Va., and Mrs. Long and Miss Entris Hunt of Indianapolis. Twenty-five guests were present for the affair.

About two hundred children and their parents enjoyed the picnic given in the City Park yesterday afternoon and evening by the St. Paul's Methodist Episcopal Sunday school. A bountiful pitch-in supper was served from 6:00 to 6:30 o'clock. In the afternoon games and other amusements were furnished for the children.

Snow Leopard Rare Animal.
The snow leopard, the greatest prize of big game hunters in India, is rarely found below a height of 11,000 feet and is even there extremely rare. It is both wild and savage and the natives have a superstitious fear of its white coat and deep-green eyes.

Doctors Favor New Tasteless Castor Oil

New Process Removes Disagreeable Taste From Castor Oil

Doctors have always prescribed castor oil when a real laxative is needed, and all mothers know how much trouble it is to get children to take it. There need be no more trouble, for doctors are now recommending Kellogg's Tasteless Castor Oil, from which all nauseating taste has been absolutely removed. Children take it readily. This splendid new form of the good old family remedy is the result of a remarkable process perfected by chemists of Spencer Kellogg & Sons, Inc. Kellogg's Tasteless Castor Oil is exactly the same as the old fashioned disagreeable kind. Nothing has been removed but the taste; strength and purity remain the same—a 100% pure castor oil. Sold by all good druggists. If you want a castor oil absolutely without nauseating taste, insist on genuine laboratory Tasteless Castor Oil. Three sizes, 15c., 35c. and 65c. (Adv't)

BLACK FOX OBEYS

BLACK FOX ran all the way to the farm on the other side of the forest, there to hide until it was light and then change himself into a turkey, for once in this form he could run along with all the turkeys and fowl until he could entice them far enough from the farm, and then he would change into his own form and catch some of them for his breakfast. Black Fox could not wait for the day to break to try his enchanted spell, so he wished three times to be a turkey, thinking it would be just as well to be ready when the turkey awoke.

An old witch had kept her promise just as Black Fox had kept his. She gave him the power to change his form, but not into that of a turkey.

Instead, when he had wished three times he found himself a big green frog.

Black Fox began to hop about, trying to find a place to hide while he thought what he should do.

Under a low bush he hopped, but he found he was longing for water as he never had before. Not a drop was there to be seen. The only thing to do was to hop along until he found some.

It was not so easy to get over the ground as it was when he was a fox, and while he was stopping to rest Black Fox remembered he had asked for power to change into his own shape again, so he wished three times to become a fox.

The old witch had not kept this part

of the promise, for, wish as hard and as often as he liked, he still remained a frog.

It was a long time before he came to water, and when he did, in he hopped, and, being refreshed, he began to think about the witch.

"She must have made a mistake and have given me the wrong drink," thought Black Fox.

"I suppose the only thing to do is to get to her cave and ask her to change me back again."

All day and all night he hopped over stones and through brush until, when he finally did reach the cave of the old witch, he was so tired that he fell over on his back in front of the cave door.

The Black Cat found him and began to poke him with her sharp claws and meow so loudly that out came the witch. When she saw the frog on the ground she began to laugh in a shrill, cackling tone and dance about the poor frog, while the cat joined with her mistress, and every once in a while would poke froggie with her claws.

By and by the wild dance stopped and the witch gave him a tap with her magic stick, which made the frog sit up and listen to what she said.

"You thought you could deceive a witch, did you, Black Fox?" she said. "You see now that you couldn't. I knew the stone you brought as I told you to bring to me was not from the bottom of the pool and I kept my part of the bargain just as you kept yours."

"Give me back my own form again and I promise to bring the stone you wish," said the frog.

"There is only one way in which you can regain your own shape," said the witch, leaning on her stick and looking at poor froggie. "and that is to hop to the forest pool each day and bring me a stone from the bottom of it. When I have all I want you will have your own shape again, and not before. Will you go or will you remain a frog?"

"I'll go to the pool and return with a stone," mournfully replied the frog as he hopped away.

(Copyright.)

Amusements

Wallace Reid at Princess
Wallace Reid in "The Dancing Fool," is the offering at the Princess theater today and tomorrow, supported by a Mack Sennett comedy, "Let Her Go."

Varied Program at Mystic

A varied program is offered at the Mystic Theater today. In addition to "The Lion Man," a stirring western drama entitled, "The Prospector's Vengeance," will also be shown. Billy Franey who is winning so many friends by his splendid comedies, will appear in a new one today, called "The Hasher."

It is doubtful if Harry Carey ever enjoyed his work in any photodrama quite as much as he did the filming of "Human Stuff" his latest feature

which will be shown at the Mystic Friday.

Many of the scenes in the picture were made at his own ranch in the San Francisco Canyon, where, for two weeks, he was host to the entire company.

When Carey read the scenario and discovered that some seventy or eighty scenes were laid on a California ranch, he suggested using his own vast acres for the purpose. He could not accommodate the entire company in his spacious ranch house, but the California weather is mild and a dozen tents were erected for the use of those who could not find room within the Carey mansion.

Chance Not to Be Missed.

It was Willie's first visit to the country, and after going with his uncle to feed the stock in the barn, he ran back to the house, shouting: "Oh mamma, come quick! Uncle Jim has a whole circus in his barn, and he is going to feed the animals!"

Low Shoes

Never so low in comparison with worth. Men, women and children should flock here, for all are assured most unusual savings on high quality footwear.

LUCY M. FOX

This is Miss Lucy M. Fox, a charming "movie" star, who recently arrived in New York on the S. S. France. She has just completed her part in a startling screen serial which had its setting in many of Europe's foremost resorts, including Nice and Monte Carlo.

Mother's Cook Book

"When you taste a blueberry pie that you have just made and feel a thrill of pride at its delicious flavor, always remember that you didn't make the blueberries."

Tomato Conserve.

Take five pounds of ripe tomatoes, two pounds of sugar, three lemons cut in dice and one cupful of citron. Cook until thick. While still hot add 1 1/2 cupfuls of raisins and one cupful of walnuts.

Rhubarb Conserve.

Take five pounds of sugar, five pounds of rhubarb, four oranges, two pounds of raisins. Cut up the fruit, remove the seeds from the oranges and put through a meat grinder. Cook all together until thick.

Cherry Preserves.

Take two pints of sugar, one small cupful of water, boil until it boils, add three pints of pitted cherries and boil fifteen minutes. Pour into an earthen dish and let stand overnight. In the morning seal in sterile cans, cold.

Grape Conserve.

Take seven pounds of ripe grapes. Pulp them, removing the seeds, then to the skins and seeds add the grated rind and strained juice of four oranges, the juice of two lemons, boil together fifteen minutes, then add five pounds of sugar, one pound of seeded raisins, one pint of canned cherries drained from their juice and one-half pound of pecan meats, and one cupful of water. Cook fifteen minutes then pour into glasses or jars.

Immediate Declaration of Peace Promised by Harding

(Continued from Page One)
city" in which the vice president should sit.

As to prohibition there is divided opinion and the recourse to repeal or modification, "but we cannot nullify because of divided opinion," he said, "and the law must be enforced."

PREACHES A FINE SERMON

Evangelist Uses "Prodigal Son's Return" as His Theme

A very fine sermon was preached last evening by Evangelist Towns at the United Brethren revival meeting being held in the coliseum at the city park. He used as his theme "The Prodigal Son's Return." His message was very heart searching and many people found their way to the altar of prayer, it was announced today.

Each night different people testify as to how the meetings have been a benefit to them in a spiritual way. Meetings are still continuing each afternoon and evening. Sunday's all day meeting will mark the close of the special series of meetings.

Turned Saloon into Church

Weston, Wis., July 22.—This village has long wanted a church, but never could afford one until prohibition came. Even then its citizens were not wealthy enough to erect a building, but the man who for years had served good liquors with a free lunch came forward and said he had decided to go into another business. He offered the use of his saloon and dance hall for the church, and his home for the parsonage. The first Sunday the church was open he came into town from his farm, took a drink of water from the town pump and sat in the front row during the service.

GET TOGETHER MEETING

Fort Wayne, Ind. July 22.—Members of the Farmers Federation of Allen county, the labor unions of Ft. Wayne and the Chamber of Commerce of that city went to Huntertown today for a get together meeting, which is intended to stimulate a better feeling between the three bodies.

RACING AT SHELBYVILLE

Shelbyville, Ind., July 22.—The Shelby county racing association opened its three day horse racing program at the local fair grounds here today. Purses aggregating \$2,400 will be divided. Prominent horsemen from Kentucky, Ohio and Indiana will participate.

Ancient Diamonds.

Diamonds were known and worn as jewels in India 3,000 years ago and used as currency and covers 3,000 years ago.

BEAR OIL For Your Hair

You never saw a bald Indian. They don't use perfumations. For such they used bear oil, with other potent ingredients from the fields, meadows and forests of Nature. A reliable formula is KATALKO. Indians' elixir for hair and scalp. Astonishing success in overcoming DANDRUFF, itching, FALLING HAIR, and inducing NEW GROWTH in many cases when all else failed. Irrigate \$20 money-refund guarantee. For men, women, children. Keep this advertisement. Show others. Positively wonderful. Buy KATALKO at the drug store; or send 10 cents (silver or stamp) for proof box and guarantee, to John Hart Brittain, Sta. F, New York.

REBEKAHS TO HOLD PICNIC NEXT SUNDAY

Conveyances Will be Provided For Trip to Webb's Grove, Social Committee Announces

AMUSEMENTS ARE PLANNED.

The social committee of the Rebekah Lodge has announced for the July number a picnic, to be held in the Webb grove, southwest of the city, next Sunday. It is expected that the attendance will be large. The idea of holding the picnic on Sunday was arrived at from the fact many could not attend on any other day on account of the busy season. To increase the interest and attendance, the committee has arrangements to furnish transportation for every one that has no means of going—the only provision being that they advise the committee at the meeting of the lodge Friday evening so that ample provision may be made.

It is intended that this event be made an old fashioned picnic, with well filled baskets for noon lunch, fishing, bathing, and games on the program. Swings will be put up for the children.

The conveyances will start from the Odd Fellows hall at 9:30 a. m.

S. A. CANVASS CONTINUES

Sale For Home Service Fund is Meeting With Success

Captain J. A. Teneh, who is canvassing the county for contributions of the wearing apparel, furniture or produce, to be sold for the benefit of the Home Service fund, went in the direction of Andersonville today. He has been meeting with success in the solicitation and in a few days will have covered the whole county.

The sale is being conducted in a sample room in the old Windsor hotel building, which opens in First street. It was stated today that persons who wanted to buy chickens would have to call at Capt. Teneh's home, 426 West First street, as it was not possible to keep them in the sale room.

Too Fat?

Do not try to become slender by drastic doses of thyroid or salts. Reduce weight and waitline; also hips, double chin, etc., by the safe, reliable Korean system. The shadow on this picture gives you an idea how she looked and felt. By taking Korean and following easy directions of Korean system she reduced from clumsy features to graceful proportions. Now she is agile, attractive, mentally alert and in better health. Why not you? Reliable anti-fat self-treatment.

Become Slender and Stay So

Many, both sexes, report they have reduced 10 to 60 pounds. No starving; no exhausting exercises. Become exquisitely slender and remain so. Safe, pleasant method, endorsed by physicians. Legions of testimonials. \$100 GUARANTEE or money refund. Buy Korean (pronounced KOREAN) at busy drugists. Show fat friends this ADVERTISEMENT.

DUSTY MILLER, Auctioneer.

Hold America Unimpaired But Not Aloof, Declares Harding

Continued from Page One

but we cannot nullify because of divided opinion.

Party Government

Masterful leadership may be coming to manifest its influence. But the peoples will remains the supreme authority. No man is big enough to run the republic. Party sponsorship in governments as distinguished from personal, individual, dictatorial or autocratic government. During the war autocracy was established in the name Democracy and the first committal is for restoration of representative popular government under the constitution through the agency of the Republican party. A cabinet of the highest capacity with the vice president participating, and cordial co-ordination between the two houses of congress is promised.

Unrest

The world is in revolution and agents of discord hope to see America part of the great red conflagration. America must not only save herself but must be the voice to sober the world. The individual must submit to the will of the majority. This movement is not to be halted through throttled liberties and we must not abridge the freedom of speech, press, or assembly which are as sacred as religious belief. But the right to crush sedition, stifle contempt for law, stamp out peril to the republic is insisted on as the first essential of liberty. American government contemplates orderly changes as the majority thinks best but no authority shall abridge the rights of the minority and men have a right to question the system in the fullest freedom always remembering that the rights of freedom impose the obligations which maintain it.

Labor

Higher wages should continue but the wage earner must give full value for the wage received. No conflict of interests in industry is recognized. The human element comes first. Employers should understand the yearnings of wage earners and wage earners should understand the problem of capital. Collective bargaining is approved as outstanding right but if exercised must not destroy the sacred right of the individual. Strikes against the government are properly denied, but any American has the right to quit his employment just as he has a right to seek it.

High Cost of Living

No one remedy can be promised. Patriotic production, economy, denial and sacrifice are urged. An intelligent and courageous deflation of the currency is promised together with sincere efforts to strike at government borrowing and the high cost of government. Prevention of unreasonable profits is promised and profiteering will be challenged with all the legal and moral powers of government and the people.

Railroads and Transportation

Present railroad inefficiency due to the withering hand of government control and operation and opposition to government ownership is reaffirmed. The government must play its part in restoration. Returns must be so gauged to enlist necessary capital and we must foster as well as restrain. Development of highways with federal cooperation is endorsed and development of international waterways as well as free use of the Panama canal for use of American shipping is urged.

Agriculture

A new and forward looking program is called for. Farmers should be encouraged to join cooperative organizations to market their products and agriculture should be encouraged. Reclamation and irrigation should go forward with federal aid.

Tariff

Belief in protective tariff is asserted and its saving Americanism will be called for again.

Budget

The budget will effect a helpful reformation and federal departments should be made more business like and return thousands of employees back to productive work.

Merchant Marine

America should be the leading maritime nation of the world and the government should aid in expanding trade abroad both in revealing markets and speeding cargoes.

Preparedness

The navy should be ample for protection and able to assure dependable defense. The army should be small but the best in the world with a mindfulness for preparedness that will avoid the unutterable cost of our previous neglect.

Immigration

Standards should be with a view to future citizenship and every man who becomes a citizen must become an American heart and soul.

Child Labor

Every forward step in unshackling child labor should be held and

conditions of woman's employment be elevated.

Ex Service Men

They have our gratitude which must have genuine expression. The sacrifices made should be requited and those still suffering disabilities should be abundantly aided.

Suffrage

It is earnest desired that the suffrage amendment be ratified. All women are urged to accept the responsibilities that suffrage will bring.

Taxation

War taxes must be revised to meet peace needs and in the interest of equity in distribution of the burden.

Liberty Bonds

The government should make liberty and victory bonds worth all that citizens paid in purchasing them.

Lynching

The federal government should stamp out lynching and negro citizens should be guaranteed enjoyment of rights.

LIVE STOCK NOTES

Self-feeders save time and labor in feeding swine.

The hog is the cheapest producer of animal fat.

No animal parasite is quite so persistent as the hog louse.

With the sow particularly good feeding and plenty of exercise are important.

If proper care is given the ewe previous to lambing many losses can be prevented.

In the selection of the brood sow it is essential that uniformity of size and quality be maintained.

Necrobacillosis, known in pigs as sore mouth, bull nose and snuffles, is controlled by cleaning and disinfecting house and feeding places, and isolation of affected pigs.

SCOUT FIRST AID SAVES LIFE.

Theodore E. Curtis of Troop 22, Salt Lake City, probably saved the life of Henry C. Krantz in Cottonwood Canyon, when all the fingers on his left hand and the thumb on his right were blown off by the explosion of a giant dynamite cap which he had found lying near where miners had been blasting. Krantz was taken into a nearby scout camp. W. D. Wood, scoutmaster, reports: "Both hands were bleeding profusely. Young Curtis applied first aid and bandaged the two torn hands so skillfully that the hospital physician sent a note congratulating the boy on the thoroughness of his timely treatment, which perhaps saved Krantz's life."

USED SCOUT WATER TELESCOPE.

Miss Emily McCarthy, a nurse of Meriden, Conn., disappeared, and her hat was found in Black pond, indicating that she had drowned, probably by wading into the water in the dark and becoming confused. Every effort to find the body by dragging failed, so Scout Executive John D. Roberts made a water telescope from a keg, with a glass bottom. Holding this over the side of a boat and peering into the depths of the pond, the body of the missing nurse was finally seen and brought to shore.

THE NEW OVERLAND

On Triplex Springs nimbly glided over the nation's roughest roads has written a wonderful story of Stamina. The story began with the unprecedented pre-production test covering 250,000 miles of the wild country of the great Southwest. In its first eight months of service among 75,000 owners climax upon climax has been piled up in records of extraordinary performance.

The remarkable performance of the Overland is due largely to its jar-absorbing Triplex Springs, which prevent the usual pounding of rough roads from causing discomfort to passengers. They also reduce the stress and strain on motor and chassis, preserving the car for longer wear and reducing upkeep. The chassis itself of finest alloy steel adds to the stamina of the car as a whole.

The success of the Overland Triplex Springs has changed the attitude of thousands toward the light type of motor car. You cannot truly appreciate the comfort, economy and stamina of the new Overland until you have actually ridden in this car.

KNECHT CLOTHING CO. STORE IS RANSACKED BY ROBBERS

Merchandise Valued at More Than
\$1,000 Is Stolen Some Time
During The Night

ONLY SMALL CLUE IS LEFT

Cap Bearing Trademark of Muncie
Clothing Firm Is Found on
Floor This Morning

SHIRTS AND SUITS ARE TAKEN

Money Bag Containing \$10 in Cur-
rency and \$400 in Checks Are
Stolen From The Safe

The Knecht Clothing Company's store, located on the east side of Main street, between Second and Third streets was entered by robbers last night some time, and over \$1,000 worth of merchandise was taken. Only a small clue to the robbery was left.

The thieves gained an entrance through a window at the rear of the building, by prying open the bars and lifting the window.

The theft was not noticed until Henry O'Reilly opened the store this morning for business, when he discovered suits thrown around on the floor, and a general appearance indicating robbery had been committed. He went to the rear end of the store, where he discovered the window open, and the cash drawer from the safe lying on the floor.

The safe evidently was locked last night, but was easily opened by the robbers. Only about ten dollars in currency was taken, but a bag containing about \$400 in checks was also stolen, and was not found any place around the store.

It was difficult for the clothing firm to estimate an exact loss, as they were unable to tell how many suits of clothing were missing, but it was evident that the thieves were after higher priced garments, as those taken were above the \$50 mark, a hasty examination of the stock indicated.

At first this morning it was thought that a large motor truck had carried away the stolen articles, but his theory was abandoned this afternoon, as it was learned that the marks left by a truck, proved to be another truck that was there early this morning.

The supposition now is that the robbers carried away their loot in traveling bags as over \$75 worth of grips and bags were found missing from the stock.

Besides the men's suits taken, five dozen shirts ranging in price from \$36 to \$72 a dozen, and 17 silk shirts costing \$108 a dozen were taken by the thieves. In addition to these articles, Mr. Knecht estimated that \$36 worth of caps and a dozen and a half neckties were stolen. A half dozen soft hats valued at \$18 were among the loot.

The jewelry cases were looted and badly mixed up, so that it could not be determined just how much was missing from this department. Collars and socks went unnoticed as

RICHARD PUGH IMPROVED

Second Blood Transfusion is More
Successful, Today's Report

The condition of Richard Pugh, 17 year old son of Mr. and Mrs. Jess Pugh, who was recently taken ill at Winona Lake with typhoid fever and underwent an operation for perforation of the bowels, was reported today as being slightly improved, but it is not known with what success the blood transfusion resulted yesterday.

The first transfusion between the father and son did not result satisfactorily, and a second transfusion was given yesterday with blood of William Pugh, his brother. Miss Louise Hogsett of this city has gone to Winona and will be the next person to undergo the transfusion process, if it is needed.

HOUSE REJECTS COAL RESOLUTION

Resolution Calling on President to
Re-establish Fuel Control
Defeated, 60 to 23

WAS LITTLE ARGUMENT ON IT

House Adjourns and Will Mark Time
Until Senate Acts on Some
Important Bills

(By United Press.)

Indianapolis, Ind., July 22.—The house of representatives of the legislature today rejected the concurrent resolution passed by the senate yesterday calling on President Wilson to re-establish the federal control over fuel industries. The vote was 60 to 23.

There was little argument on the resolution, which was introduced by Senator Beardsley and passed by a 26 to 15 vote in the upper body.

Following action on this measure the house adjourned until 10 a. m. tomorrow.

It will mark time waiting on the senate to complete consideration of the important legislation pending before it.

While Lt. Gov. Bush's special committee appointed to draft a "Cure All" tax bill was completing its work, the senate devoted the morning session to bills of minor importance.

Senators saw in the passage of the soldier memorial bill by the house another shift of responsibility by the lower body. As the measure was adopted by the representatives it appropriated \$2,000,000 and provided for the gift by the state of the grounds of Indiana School for the Blind as a site for the memorial building. But it does not make any provision for a re-location of the school for the blind.

COUNTY AGENT WANTS A DELEGATION TO GO

Receives Invitation to Attend Field
Meeting on Indiana Dairy Asso-
ciation

WILL BE IN MORGAN COUNTY.

County Agent D. D. Ball will attempt to secure an automobile delegation of Rush county farmers interested in the dairy business, to attend a picnic on August 3, which will be held eight miles west of Martinsville, in Morgan county. The county agent this morning received an invitation to bring a delegation to that place and attend a field meeting of the Indiana Dairy association, which will be in the form of a picnic.

The picnic is planned to be held on the well known Gossard breeding farm, and the county farmers organization of Morgan county will assist in the entertaining of the visitors.

E. T. Meredith, secretary of agriculture, will be the principal speaker in the afternoon, and all farmers are invited to meet the national agriculturalist. Mrs. Charles Sowell will also be on the program for an address exclusively for the women, and Miss Virginia Meredith, the noted dairy woman, will be there and take part in the day's program.

All Rush county farmers and dairymen who are interested and will attend, are requested to notify the county agent, so that Rush county will be well represented.

TO NOTIFY COX AUG. 7

Columbus, O., July 22.—A formal notification of Governor James Cox will be held August 7 at Dayton and that of Franklin D. Roosevelt August 9 at Hyde Park, New York, it was definitely announced today.

Fined \$100 For Contempt When He Denies Reporter Access To Dockets

Cleveland, O., Chief of Police Refuses to Abide by Ruling of Court on Injunction Demanded by Newspaper for Privilege of Seeing Records.

AN ANALOGOUS CASE HERE

Rushville and Cleveland, O., are in a class by themselves when it comes to having public records of the city locked, but in Cleveland the chief of police of that city yesterday was fined \$100 for contempt of court when he denied newspaper men the privilege of seeing the public documents.

It developed in Cleveland that a certain newspaper was "on the wrong side of the chief", and the public property was not available

for the public.

Rushville is a much smaller city than Cleveland but a similar case seems to exist here. Public records, including court dockets, are now concealed from the public, being locked within a safe in the city police court.

The following dispatch pertaining to the Cleveland case was received today and is as follows:

Cleveland, O., July 22.—Chief of police Smith was fined \$100 for contempt of court yesterday in connection with a suit of a local newspaper against Smith for denying police and public records, under his supervision, to be seen by its reporters.

Judge Levine had previously granted the newspaper an injunction against Smith and the chief was found guilty of contempt for failing to obey.

The chief had to borrow the \$100 to pay his fine.

FERTILIZER DID NOT KEEP PACE

Increase in Last Ten Years is Far
Below Average of Other Nec-
essities on Farm

OHIO PUBLISHES A BULLETIN

Increase of Necessities Are Also
Offset by High Prices Paid
Farmers For Their Products

Farmers who are protesting an increase in fertilizer prices may be surprised to learn that fertilizer has not advanced in price nearly as much as other articles used by the farmers, according to a bulletin issued recently by the department of agriculture in the state of Ohio.

The bulletin gives a complete list of various articles in general use by the farmers in Ohio, with percentage of increase during the period for ten years, from 1909 to 1919, as reported by dealers, hardware and general merchants in that state.

The table shows that fertilizer is almost on the bottom with an increase of 27 percent, with only two other articles listed as being lower, axle grease as 25 percent and sulphur as 10 percent.

During the period of ten years, the Ohio agricultural bulletin lists the following items, and many more and their increases which will show that the farmers have paid a considerably higher percent for, than is being asked for fertilizer, is pointed out in the bulletin:

Axes, 122 percent; barbed wire, 103 percent; brooms, 240 percent; buggies, 80 percent; calico, 284 percent; coal, 92 percent; coffee, 124

HAS AN EFFECT ON FERTILIZER PRICE

Howard Eubank, Secretary of Farmers' Association, Says Farmers' Stand Brings Results

QUOTATIONS ARE DROPPING

Declares Price Is Off From \$1.75 to
\$2.25 a Ton—Farmer Is Only
Market For Product

That the campaign of the farmers of Rush county and elsewhere against the high price of fertilizer, is bearing fruit, is disclosed by a drop in price, according to an announcement today by Howard Eubank, secretary of the Rush County Farmers' Association.

Mr. Eubank declared today that the quotations on fertilizer in Rush county had fallen off from \$1.75 to \$2.25 a ton below the price which was quoted when the farmers began their organized battle against the high cost of fertilizer.

The campaign on the high price of fertilizer was sporadic, several townships, organizations of farmers having taken united action against buying at present prices, until Monday night of last week when, at a mass meeting of Rush county farmers numbering close to three hundred, it was resolved not to buy fertilizer until the price came down.

At that time it appeared that the majority of the farmers who voted in favor of such a resolution, were determined to stick to their stand, although a few said after the meeting that they could not afford to farm without fertilizer and that they would buy it at the price quoted at that time.

Hold America Unimpaired But Not Aloof, Declares Harding

(By United Press.)

Marion, Ohio, July 22.—Following is a summary of Senator Warren G. Harding's speech accepting the Republican presidential nomination: **League of Nations**

The league covenant was conceived for world super-government negotiated in misunderstanding, and intolerantly demanded by its administration sponsors who resisted every effort to safeguard America and rejected it when these safeguards were inserted. The party means to hold America unimpaired and unsundered but not aloof. America aspires to, and the Republican party is committed to a association of countries, to preserve through justice rather than force. No surrender of rights to a world council or its military alliance or any assumed mandatory shall summon American youths to war and the Republican party welcomes a referendum to the people.

Formal Peace.

Formal and effective peace is

promised as quickly as a Republican congress can pass its declaration and a Republican executive sign.

International Relations
With the senate advising, all nations would be approached with proposals for a new relationship to commit the moral forces of the world, America included, to peace and justice, still leaving America free and independent.

Mexico.
Relations with Mexico should be friendly and sympathetic with a plain and neighborly understanding about protecting the border and lives and property of Americans in Mexico. Without this understanding which must be faithfully kept, there can be no recognition.

Prohibition
There is divided opinion respecting the 18th amendment and the law making it operative, but there can be no difference of opinion about honest law enforcement. Modification or repeal is the right of a free people.

Continued on Page Two

IMMEDIATE DECLARATION OF PEACE PROMISED BY HARDING

ANOTHER NAME FOR THE HOLY ALLIANCE

League of Nations as Submitted by
President Denounced in Lodge
Notification Speech

CALLED PERMANENT ALLIANCE

Ready to Join in Agreement With
Other Nations in Extension of
The Hague Conventions

(By United Press.)

Marion, Ohio, July 22.—Henry Cabot Lodge today, in his speech notifying Warren G. Harding of his nomination for president, denounced the league of nations covenant as submitted by the president as "another name for the evil combination which was attempted a hundred years ago by the ill-omened Holy Alliance."

Lodge spoke at length on the league question and praised Harding for his conspicuous part in the defeat of the league as written.

"We have been and are quiet ready to join in agreement with other nations, in extension of The Hague conventions," he said, "for the upbuilding and codification of international law and the establishment of a world court of justice; for international conferences in regard to non-justiciable questions and for arrangements to bring about a general reduction of armaments."

"But when we are called upon to become an integral part of a permanent alliance of foreign powers to engage ourselves in all the conflicts and disputes of Europe where we have no interest, to put ourselves in a position where the youth of the country can be summoned by foreign nations to fight and die in disputes not their own, we absolutely decline the proposition."

"Such has been the policy of the Republican party as represented in the senate and such its policy shall remain. We are certain that you, who so largely helped to frame this policy, will when the executive authority comes into your hands, carry it out in such a manner that we can fulfill all our responsibilities to the world without binding ourselves to a league such as was submitted by the president."

HARDING TO SPEAK IN SEVERAL LARGE CITIES

National Chairman Hays Says Front
Porch Campaign Will Not
Exclude Some Speeches

MAY APPEAR ON EACH COAST

(By United Press.)

Columbus, Ohio, July 22.—Senator Warren G. Harding will speak in several of the largest cities of the country but will not make a barn storming tour, Will H. Hays, chairman of the republican national committee, said here today.

After a conference of the republican campaign committee here last night, Hays declared it was always understood the front porch campaign did not exclude some speeches at important national centers. Hays indicated that Harding might speak both on the Pacific and Atlantic coasts.

The committee adopted a resolution urging the republicans in the Tennessee legislature to vote for suffrage ratification.

RIOTING IS RENEWED

Belfast, Ireland, July 22.—Rioting between Unionists and Sinn Feiners was resumed here this afternoon. The postoffice at Falls Road was wrecked during the fight. Latest advices said three persons had been killed.

Republican Presidential Candidate
Declares For Association of
Nations, at Marion Today

HIS SPEECH OF ACCEPTANCE

Refers to League of Nations as
Supreme Blunder and Urges
Return to Party Government

NO MAN BIG ENOUGH TO RUN IT

Militant Suffragets, Piqued Because
Nominee Did Not Wait on Them
to Issue Suffrage Plea

(By RAYMOND CLAPPER)
(U. P. Staff Correspondent.)

Marion, O., July 22.—Immediate declaration of peace and a new effort to form an association of all nations based on justice rather than force, was promised by Warren G. Harding in formally accepting the Republican presidential nomination here today.

Scorning the League of Nations covenant as the "supreme blunder," he lauded the senators who opposed its unqualified ratification as "sentinels on the tower of constitutional government." The nominee was silent regarding ratification of the treaty or the League in case he is elected. However, he said he welcomed a referendum.

Harding opened his address with a broadside at "personal, dictatorial and autocratic government." He said "no man is big enough to run this great republic."

"Our first commitment," he continued, "is the restoration of representative popular government under the constitution through the agency of the Republican party."

Militant suffragettes swooped down on Senator Warren G. Harding today somewhat piqued because the candidate issued his plea for action on the suffrage amendment in the Tennessee legislature on the eve of their arrival.

Militants had not counted on this sudden move by Harding and were planning to ask the candidate to use his influence in the legislature for ratification of the amendment.

Fifteen state delegations marched to the front porch of the home of Senator Harding, headed by Miss Alice Paul, national chairman. Two speakers addressed Senator Harding from a semi circle of suffragettes, denouncing the republicans for failing to effect ratification.

One of the speakers, Mrs. H. O. Havemeyer, of New York said:

"We know Moses was slow but when it comes to suffrage I believe he would have to give the republican party time allowance."

The speech, delivered at Garfield Park here, in the presence of thousands assembled from all corners of the nation, dealt with a multitude of questions.

Preserved nationality with America retaining her independence although not holding aloof with the rest of the world, should be the guiding policy, Harding declared.

The candidate stressed the necessity of a return to party government and pledged himself to cooperate cordially with congress and to select a cabinet of "highest caliber."

FALLS ON PIECE OF GLASS

Colvin Stewart Suffers Severe Injury
and Stitches Are Required

Colvin Stewart, small son of Mr. and Mrs. Ben Stewart, who lives in Cottage Avenue, sustained a painful injury late yesterday, when he fell on a piece of broken bottle, severely cutting his leg between the ankle and knee. Three stitches were required to close the wound. The small boy was in the yard at his home when he fell on the glass, and a gash three inches long and an inch deep was cut in his leg, which proved to be very painful, but is not considered serious.

Personal Points

—Will Frazee transacted business today in Indianapolis.

—Mrs. Ella Neutzel and Mrs. Roy E. Harrold and children were the guests of Dr. and Mrs. Howard Thomas in Milroy today.

GOITRE

Caused Voice to Fail for Indianapolis Lady. Relieved By External Remedy

Note: It would be illegal to publish these statements if they were not true. Mrs. Fred Mass, 422 Christian St., Indianapolis, Ind., says in her own home paper, the Indianapolis Star: "I have used one bottle of Sorbol Quadruple and my goitre is almost gone. I had lost the use of my voice for singing, but that is near normal again. It relieved me of having horrible dreams. I cannot say enough for Sorbol Quadruple. A friend in the next block has had even more wonderful results than I. I will be glad to talk or write to any one about it."

Sorbol Quadruple comes in small bottles containing enough for most cases. Will not stain or irritate. Does not interfere with regular work. Leaves parts in healthful, normal condition. Easy to use. Requires 10 minutes daily.

Get further information at Johnson's Drug Store and drug stores everywhere, or write Sorbol Company, Mechanicsburg, O. Adv. 57

—Mrs. B. F. Miller was in Fayette county today visiting her sisters, the Misses Dessie and Effie Daily, who live east of Orange.

—Miss Margaret Ball will go to Indianapolis this evening for a week end visit with Miss Marian Darr of that city, who formerly lived here.

Knecht Clothing Co. Store Is Transacted by Robbers

Continued from Page One

Jack Knecht, manager of the Knecht Clothing company, asked today that people, for whom he rashed checks last Saturday, call at the store and see him.

none of them was disturbed.

As far as could be learned there were no boys' suits taken, although several of them were strewn about the floor.

An exact amount of men's suits stolen could not be easily estimated, but an inventory of the stock was made a few weeks ago, and the suits were being checked up today in order to ascertain the exact loss in suits.

One of the robbers left a cap, which is the only clue so far discovered. The cap bore the trade mark of a clothing store located in Maric, and may help the officials in their search for the robbers.

Will Denny, merchant policeman, stated today that at five minutes of three o'clock this morning, he was around the corner from the store, near his own residence at the corner of Third and Perkins street and heard voices, but supposed that they were in a pool room, which is above the clothing store.

The policeman stated that often times people play pool until early in the morning, and he did not give the matter much thought, but went on his rounds, making the clothing store several times afterwards, but as the doors were not bothered he never suspected anything.

HEARING AT CARTHAGE

Hearing on the petition of the Carthage Electric Light company for an increase in rates was conducted Tuesday by H. S. McNeely, an examiner for the state public service commission. Some consumers protested at the hearing about the company's intentions of cutting off some power motors because of his contention that they were not the right kind.

ST. PAUL HURLS DEFY AT THE TAIL LIGHTS

Willing to Play Local Team For Championship of Southeastern Indiana Under Any Terms

ACTON COMETS HERE SUNDAY

Manager John Conway of the Rushville Tail Lights, started something when he claimed the baseball championship of southeastern Indiana as the St. Paul team now comes forward with a challenge for the Rushville team, stating that they are ready to lay claim to the championship themselves.

The St. Paul team advised Manager Conway as follows: "Before claiming championship of this section of the state, please take notice. We will play you on our grounds or any neutral grounds for the entire gate receipts and a purse of \$100 to \$500. Manager Craig, St. Paul ball club."

The Lewisville Razz Jazz Babies which were scheduled for the game here Sunday, last night, cancelled their game, and left the local team in a bad place, but a fast team was secured in the Acton Comets, who claim championship to the southeastern title, having won 20 straight games this year, losing last Sunday at Morgantown by the score of 4 to 1.

WHEAT STACKS ADVISED

Would Prevent Serious Damage in Case of Heavy Rains

Indianapolis, Ind., July 22.—The division of entomology of the department of conservation advises farmers to stack their wheat this summer, following a custom in vogue in Indiana several years ago before thrashing outfits became numerous.

According to Mr. Wallace, state entomologist, if hard rains continue at frequent intervals, much of the wheat will rot in the shock before it can be thrashed. Under the proposed plan of stacking it like hay, the stacks so constructed as to shed rainfall, the wheat will keep in excellent condition even if it were two or three months before thrashed. Farmers have too much at stake at the present price of the cereal to take even a chance of losing any of the grain, in the opinion of Mr. Wallace.

REGULAR LEGION MEETING

The regular meeting of Rush post of the American Legion will be held at headquarters in the Red Men's building Friday night and at that time it is requested that all petitions which have been circulated for a soldiers' memorial building here, be turned in.

NICKIE SAYS

 "NICKIE, I WANT TO SAY
 SOMETHING ABOUT THE
 FINE PAPER YOU ARE GETTING
 OUT. THE WHOLE THING ABOUT
 THIS PAPER IS THAT IT IS
 THE BEST I HAVE EVER
 SEEN."

they are.
 Can you imagine any man volun-
 tarily accepting a reduction in pay
 for his services?
 We can not.
 And can you see how commodities
 are to be materially reduced in cost
 until there is first a reduction in wa-
 ges and salaries?
 We can not.
 Perhaps you possess a keen analy-
 tical mind and can see a way out
 of the whole muddle.
 But there are a lot of folks who
 can't.

If you want to march sedately
 through a crowd, with head erect,
 chest thrown out, eyes to the front,
 and the multitude falling over them-
 selves to give you the right of way,
 just interview a skunk before you
 start. You'll go through.

No matter how henpecked a man
 may be, there always comes a time
 when he can break even with his
 wife. That's in his will and there's
 no comeback.

After having reached the top of
 the ladder, some people become so
 disappointed with life they start
 right down again.

We frankly admit that it is a god-
 like to love our enemies as we love
 ourselves. But who wants to pose as
 God?

Don't waste time in pitying your-
 self. You can employ it to better ad-
 vantage in removing the cause.

Every now and then some one lies
 down on a railroad track to sleep
 and never wakes up.

It is never too late to turn over a
 new leaf. But don't let it be a dead
 one.

Sap and Salt
 By BERT MORSE.
 You have to go below the surface
 to find the facts.

Human nature consists largely in
 making fools of ourselves.

If all evils were banished, what
 would the newspapers and lawyers
 do?

Faith and stupidity are alike in
 this—reason cannot prevail against
 either.

Hex Heck says: "There are
 enough men butting into things now
 without resorting to goat glands."

It is difficult to think well of peo-
 ple who go ahead of us in business
 or who beat us to it when we are
 after a job.

Just Folks
 By EDGAR A. GUEST

THE FRONT SEAT.

When I was but a little lad I al-
 ways liked to ride.
 No matter what the rig we had, right
 by the driver's side.
 The front seat was the honor place
 in bob-sleigh, coach or hack.
 And I maneuvered to avoid the
 cushions in the back.
 We children used to scramble than to
 share the driver's seat,
 And long the post I wore when I was
 not allowed that treat.
 Though times have changed and I am
 old I still confess I race
 With other grown-ups now and then
 to get my favorite place.

The auto with its cushions fine and
 big and easy springs
 Has altered in our daily lives innum-
 erable things.
 But hearts of men are still the same
 as what they used to be.
 When surreys were the stylish rigs,
 or so they seem to me,
 For every grown-up girl today and
 every grown-up boy
 Still hangers for the seat in front and
 scrambles for its joy.
 And riding by the driver's side still
 holds the charm it did
 In those glad, youthful days gone by
 when I was just a kid.

I hurry, as I used to do, to claim that
 favorite place.
 And when a tuncan seat is mine I
 wear a solemn face.
 I try to hide the post I feel, and do
 my best to smile.
 But envy of the man in front gnaws
 at me all the while.
 I want to be where I can see the road
 that lies ahead,
 To watch the trees go flying by and
 see the country spread
 Before me as I spin along, for there
 I miss the fear
 That seems to grip the soul of me
 while riding in the rear.

And I am not alone in this. Today I
 drive a car
 And three glad youngsters, madly
 strive to share the "seat with
 Pa."

And older folks that ride with us, I
 very plainly see,
 Maneuver in their artful ways to sit
 in front with me.
 Though all the cushions in the world
 were piled up in the rear.
 The child in all of us still longs to
 watch the engineer,
 And happier hearts we seem to own
 when we're allowed to ride.
 No matter what the car may be, close
 by the driver's side.
 (Copyright by Edgar A. Guest.)

Last Night's Dreams
 —What They Mean

EATING.

THE question of eating is a very se-
 rious and unsettled one in Dream-
 land and about it the authorities dis-
 pute as acrimoniously as do those given
 to the eating habit in the world
 of realities over who is responsible
 for the present high cost of living.
 According to some, to dream that you
 are eating in company with others,
 either at the family dinner-table or at
 a banquet, is a sign that you will be
 successful in profitable undertakings,
 and that your surroundings will be
 pleasant and cheerful. The opposing
 school warns you to beware of attend-
 ing a dream banquet as that signifies
 that secret enemies are plotting
 against you, recommending only a
 small family party at the table. To
 dream of eating at all, say some of
 the oracles, means that you are going
 to spend money foolishly, to which
 the other side retorts that every one
 does, sometimes, spend money foolish-
 ly but not of the banquets of Dream-
 land, which are attended with profit
 and success. Perhaps the reason for
 this disagreement of the mystic au-
 thorities is that the old saying "What
 is one man's meat is another man's
 poison" holds good in the realm of
 shadow as well as out of it and that
 the phantom food of dream tables
 gives nourishment and strength to
 some egos while it gives others psychic
 indigestion. As the authorities refuse
 to agree on the eating subject the read-
 er must determine it for himself. The
 next time you dream of eating ob-
 serve what happens and then say
 which school of mystics is right. As
 to different articles of food even the
 pessimists admit that it is a good sign
 to dream of eating broiled meat. Pe-
 tatoes are looked upon with favor but
 the bean is placed upon turnips, as they
 mean quarreling, and salads are de-
 clared to be distinctly unwholesome.
 Oysters, especially raw, are the most
 highly recommended of dream foods.
 Bacon in any form they denote friend-
 ship and if raw splendid successes.
 All the pessimists can say against
 them is that they mean that you are
 going to become a gourmand. Many
 dream of being at a banquet and
 that you will soon go on
 some trip and that you will
 find it all in a dream banquet. You
 will find others eating to their great
 surprise and will not be surprised. If you
 dream that you shall wed the one
 you love and that you shall wed with
 riches and during children.

OMAR BUNDY IS NOW
 A MAJOR GENERAL

Former Newcastle Man Leader of
 2nd Division and 6th and 7th Ar-
 my Corps in Big Battle in France

GRADUATE OF U. S. ACADEMY

Omar Bundy, of Newcastle, Ind.,
 who has been elevated to the perma-
 nent rank of major-general, was the
 leader of the Second division and the
 Sixth and Seventh army corps in
 the big battle in France. He refused
 to rest after his troops had been
 forced to retire, but counter attack-
 ed, despite the fact that the French
 high command sent him word that
 he had better wait until his men were
 rested before going after the Ger-
 mans and drove the enemy back over
 the ground from which the Ameri-
 cans had retired, and after that
 still farther.

General Bundy entered the United
 States Military Academy from New-
 castle and was graduated in 1883.
 He participated in the campaign
 against the Sioux Indians in South
 Dakota in 1890-1891; was in the
 battle of El Caney, Cuba, July 1,
 1895, and at the siege of Santiago;
 went to the Philippines in 1899 and
 operated against the insurgents and
 Ladrones until July, 1900, and re-
 turned to the far east to serve from
 1905 to 1907, having command of
 one of the columns in the assault on
 the Moro stronghold at Mt. Dajo,
 Jolo, in March, 1906; commanded
 the Second division in the A. E. F.
 from October, 1917, to July, 1918,
 and the Sixth and Seventh army
 corps from July to October 1918.

MRS. M. E. SMITH, prominent
 Tampa, Florida, woman, who
 says, thanks to Tanlac, she is
 now able to walk around with-
 out the help of a cane after
 eight years of suffering. Says
 friends are all astonished at
 her improvement.

"I am so glad my health is being
 restored after suffering for over
 eight years with indigestion and
 rheumatism that I feel like telling
 everybody about Tanlac", was the
 enthusiastic statement made recently
 by Mrs. M. E. Smith, one of the best
 known and most highly respected
 women of Tampa, Fla., residing at
 906 Morgan St., in that city. Mrs.
 Smith's statement is a most remark-
 able one and will be read with inter-
 est by a host of devoted friends.
 In referring to her recovery, Mrs.
 Smith said: "The rheumatism from
 which I had suffered for years even
 more than ever
 before I had stomach trouble,
 pained me worse than ever and until
 recently I was not only unable to
 walk without the use of a cane, but
 I was so weak at times I could
 hardly get out of bed. I tried many
 medicines but nothing helped me and
 I almost despaired of ever getting
 any better.

"Then Tanlac came along and it
 was helping so many people here in
 Tampa, my son brought me a bottle
 and it had such a wonderful effect
 on me that I immediately sent for
 five more bottles. In just a few days
 after I began taking this grand med-
 icine, my appetite began to improve
 and in only a short time I was able
 to enjoy my meals and everything
 seemed to agree with me perfectly.

"My rheumatism is so much better
 and I have so much more strength I
 am now able to walk all about the
 house and up and down the stairs
 without my cane. Friends who have
 become so accustomed to seeing me
 walk with my cane are astonished
 when they see me now walking
 around without it.

"I will always praise Tanlac for
 what it has done for me, and I
 am so glad to have an opportunity
 to recommend it to my friends."

Tanlac is sold in Rushville by F.
 B. Johnson Co., in Milroy by Dal-
 las Copper, in Manila by Geo. J.
 Taylor, in Arlington by Mrs. L. E.
 Davis, and in Carthage by Otto C.
 McCarty. (Adv.)

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Your druggist has been appointed agent for Allen's in this vicinity with the understanding that he will freely return the purchase money on the first two bottles to all who state they received no benefit.—Adv.

TAKE

PEPSINCO

the best remedy for indigestion that ever came out of a drug store.

You know that pepsin is good for indigestion but pepsin could never do what PEPSINCO will. We have dealt in medicines long enough to know the various uses and value. We unhesitatingly say that PEPSINCO is the best remedy for indigestion, gas, flatulency, food distress, sour stomach and pains under the ribs, that ever came out of a drug store. Sufferers of indigestion and dyspepsia will do well to take PEPSINCO.

Ask your druggist—he sells and recommends Pepsinco.

"Dogged persistence" is the way owners describe Hupmobile performance. And what could warm a driver's heart more than to know that his car is always "there?"

F. B. JOHNSON & CO.

COX WILL OPEN HIS CAMPAIGN AUGUST 15

Cox Will Invade Midwest and East While Roosevelt Will go Direct to Pacific Coast

PLANS ARE BEING COMPLETED

(By United Press.)
Columbus, Ohio, July 22.—The democratic stamp campaign will be opened simultaneously in the middle west and east by Governor Cox and in the far west by Franklin D. Roosevelt about August 15.

Cox today said that his plan represents the consensus of opinion of the democratic national committee and that it would undoubtedly be followed. The presidential nominee said he expects to make his campaign in the west early in September. The last of August Cox expects to spend in filling sporadic speaking engagements in the east. New England probably will be invaded.

It was evident the national committee favored having Cox spend much of his time in Ohio, New York, New Jersey, Indiana and Illinois. He was making a flying trip to Maine. Roosevelt probably will be sent directly to the Pacific coast. Cox also is anxious now to speak across the mountains.

George White, Cox's campaign manager, is rushing the completion of the campaign plans. Cox will start writing his speech of acceptance within a few days. Senator Pomeroy, now in the west, will confer with Cox soon to frame plans for full publicity on campaign funds through the senatorial investigation.

300,000 VOLUNTEERS FOR ARMY

(By United Press.)
London, July 22.—Premier Lloyd George in the house of commons Wednesday said the Polish premier had undertaken to withdraw the army of the Poles within the legal frontiers in accordance with the terms of the armistice with the Soviet Russia.

The British premier declared that the Soviets reply to the peace proposal of Great Britain showed the Moscow government was prepared to take the British proposal for the armistice in a friendly spirit but added that it had not been considered with the Polish proletariat government which Lloyd George characterized as "untolerable."

To test the soviet desire for peace the British premier declared Great Britain had advised the Poles to seek an armistice by direct negotiations with Moscow. If Russia refuses and continues to advance, the allies will assist the Poles.

Lloyd George declared that during the last few days the Poles had raised a new army of 300,000 volunteers. He said the British ambassadors had already gone to Poland and that Marshal Poch will proceed to Warsaw.

IS BUYING PAPER FOR SPAIN

Noted Buyer Obtains Pulp From Canada and Will Ship It

Quebec, Que., July 22.—A new market for Canadian pulp was developed here by the visit recently of August Ramoneda of Spain. Ramoneda represents 25 of Spain's largest paper mills and had instructions to place orders for as much Canadian pulp as was available. He secured, however, he stated only one-tenth of the amount he would have purchased.

The Canadian Government Steamship Maple Court has just sailed for Spain with the first cargo of Canadian pulp for Mr. Ramoneda's clients, who consume about 65,000 tons of pulp per year.

Ramoneda will leave shortly for his home in Barcelona and while there he will endeavor to interest Spanish merchants in shipping their products, such as oils, nuts and fruits to Canada.

NO HOPES FOR RECOVERY

Edwin Bowen is critically ill at his home in West Fourth street and no hopes are held out for his recovery, it was stated today.

GOOD PLAIN CLOTHING TALK

Not one thing in the Men's Wearing Apparel line but what will be much higher next Fall than they now are

There are People Who do Not Believe That But you may ask any good reliable merchant and he will tell you the same thing.

BLISS & COWING

Doctors have always prescribed castor oil when a real laxative is needed, and all mothers know how much trouble it is to get children to take it. There need be no more trouble, for doctors are now recommending Kellogg's Tasteless Castor Oil, from which all nauseating taste has been absolutely removed. Children take it readily. This splendid new form of the good old family remedy is the result of a remarkable process perfected by chemists of Spencer Kellogg & Sons, Inc. Kellogg's Tasteless Castor Oil is exactly the same as the old fashioned disagreeable kind. Nothing has been removed but the taste; strength and purity remain the same—a 100% pure castor oil. Sold by all good druggists. If you want a castor oil absolutely without nauseating taste, insist on genuine laboratory Tasteless Castor Oil. Three sizes, 15c., 35c. and 63c. (Advt.)

A varied program is offered at the Mystic Theater today. In addition to "The Lion Man," a stirring western drama entitled, "The Prospector's Vengeance," will also be shown. Billy Franey who is winning so many friends by his splendid comedies, will appear in a new one today, called "The Hasher."

It is doubtful if Harry Carey ever enjoyed his work in any photodrama quite as much as he did the filming of "Hunan Stuff" his latest feature.

"There is only one way in which you can regain your own shape," said the witch, leaning on her stick and looking at poor froggie, "and that is to hop to the forest pool each day and bring me a stone from the bottom of it. When I have all I want you will have your own shape again, and not before. Will you go or will you remain a frog?"

"I'll go to the pool and return with a stone," mournfully replied the frog as he hopped away.

(Copyright.)

It was Willie's first visit to the country, and after going with his uncle to feed the stock in the barn, he ran back to the house, shouting: "Oh mamma, come quick! Uncle Jim has a whole circus in his barn, and he is going to feed the animals!"

A black and white illustration of a woman standing in profile, facing left. She is wearing a long, light-colored dress with a dark belt at the waist. The dress has a high collar and a long, flowing skirt. She is also wearing a small, dark hat and carrying a dark handbag in her right hand. The background is a simple, textured grey.

This is Miss Lucy M. Fox, a charming "movie" star, who recently arrived in New York on the S. S. France. She has just completed her part in a startling screen serial which had its setting in many of Europe's foremost resorts, including Nice and Monte Carlo.

"When you taste a blueberry pie that you have just made and feel a thrill of pride at its delicious flavor, always remember that you didn't make the blueberries."

Take five pounds of ripe tomatoes, two pounds of sugar, three lemons cut in dice and one cupful of citron. Cook until thick. While still hot add 14 cupfuls of raisins and one cupful of walnuts.

Take five pounds of sugar, five pounds of rhubarb, four oranges, two pounds of raisins. Cut up the fruit, remove the seeds from the oranges and put through a meat grinder. Cook all together until thick.

Take two pints of sugar, one sugarcupful of water, boil until it hairs, add three pints of pitted cherries and boil fifteen minutes. Pour into an earthen dish and let stand overnight. In the morning seal in sterile cans, cold.

Take seven pounds of ripe grapes. Remove the pulp from them, removing the seeds, then strain the pulp to the skins and seeds add the grated rind and strained juice of four oranges and the juice of two lemons, boil together fifteen minutes; then add five pounds of sugar, one pound of seeded raisins, one pint of canned cherries drained from their juice and one-half pound of pecan meats, and one cupful of water. Cook fifteen minutes then pour into glasses or jars.

Continued from Page One

city" in which the vice president should sit.

As to prohibition there is divided opinion and the recourse to repeal or modification, "but we cannot nullify because of divided opinion," he said, "and the law must be enforced."

A very fine sermon was preached last evening by Evangelist Towns at the United Brethren revival meeting being held in the coliseum at the city park. He used as his theme "The Prodigal Son's Return." His message was very heart searching and many people found their way to the altar of prayer, it was announced today.

Each right different people testify as to how the meetings have been a benefit to them in a spiritual way. Meetings are still continuing each afternoon and evening. Sunday's all day meeting will mark the close of the special series of meetings.

Weston, Wis., July 22.—This village has long wanted a church, but never could afford one until prohibition came. Even then its citizens were not wealthy enough to erect a building, but the man who for years had served good liquors with a free lunch came forward and said he had decided to go into another business. He offered the use of his saloon and dance hall for the church, and his home for the parsonage. The first Sunday the church was open he came into town from his farm, took a drink of water from the town pump and sat in the front row during the service.

Fort Wayne, Ind. July 22.—Members of the Farmers Federation of Allen county, the labor unions of Ft. Wayne and the Chamber of Commerce of that city went to Hometown today for a get together meeting, which is intended to stimulate a better feeling between the three bodies.

Shelbyville, Ind., July 22.—The Shelby county racing association opened its three-day horse racing program at the local fair grounds here today. Purses aggregating \$2,400 will be divided. Prominent horsemen from Kentucky, Ohio and Indiana will participate.

Diamonds were known and worn as jewels in India 3,000 years ago and used as cutters and polishers 2,000 years ago.

Conveyances Will be Provided For Trip to Webb's Grove, Social Com- mittee Announces

AMUSEMENTS ARE PLANNED.

The social committee of the Rebekah Lodge has announced for the July number a picnic, to be held in the Wehh grove, southwest of the city, next Sunday. It is expected that the attendance will be large. The idea of holding the picnic on Sunday was arrived at from the fact many could not attend on any other day on account of the busy season. To increase the interest and attendance, the committee has arrangements to furnish transportation for every one that has no means of going—the only provision being that they advise the committee at the meeting of the lodge Friday evening so that ample provision may be made.

It is intended that this event be made an old fashioned picnic, with well filled baskets for noon lunch, fishing, bathing, and games on the program. Swings will be put up for the children.

The conveyances will start from the Odd Fellows hall at 9:30 a. m.

S. A. CANVASS CONTINUES

Sale For Home Service Fund is Meeting With Success

Captain J. A. Trench, who is canvassing the county for contribution of the wearing apparel, furniture or produce, to be sold for the benefit of the Home-Service fund, went in the direction of Andersonville today. He has been meeting with success in the solicitation and in a few days will have covered the whole county.

The sale is being conducted in a sample room in the old Windsor hotel building, which opens in First street. It was stated today that persons who wanted to buy chickens would have to call at Capt. Tench's home, 426 West First street, as it was not possible to keep them in the sale room.

Too Fat?

But America's Unhappy Fate

Continued from Page One

but we cannot justify because of divided opinion.

Party Government

Masterful leadership may be comingly manifest its influence. But the peoples will remains the supreme authority. No man is big enough to run the republic. Party sponsorship in government is a distinguished from personal individual, dictatorial or autocratic government. During the war emergency was established in the name Democracy and the first commitment is for restoration of representative popular government under the constitution through the agency of the Republican party. A cabinet of the highest capacity with the vice president participating, and cordial co-ordination between the two houses of congress is promised.

Unrest

The world is in revolution and agents of discord hope to see America part of the great red conflagration. America must not only save herself but must be the voice to sober the world. The individual must submit to the will of the majority. This movement is not to be halted through throttled liberties and we must not abridge the freedom of speech, press, or assembly which are as sacred as religious belief. But the right to crush sedition, stifling contempt for law, stamp out peril to the republic is insisted on as the first essential of liberty. American government contemplates orderly changes as the majority thinks best but no authority shall abridge the rights of the minority and men have a right to question the system in the fullest freedom always remembering that the rights of freedom impose the obligations which maintain it.

Labor

Higher wages should continue but the wage earner must give full value for the wage received. No conflict of interests in industry is recognized. The human element comes first. Employers should understand the yearnings of wage-earners and wage-earners should understand the problem of capital. Collective bargaining is approved as outstanding right but if exercised must not destroy the sacred right of the individual. Strikes against the government are properly denied, but any American has the right to quit his employment just as he has a right to seek it.

High Cost of Living

No one remedy can be promised. Patriotic production, economy, denial and sacrifice are urged. An intelligent and courageous deflation of the currency is promised together with sincere efforts to strike at government borrowing and the high cost of government. Prevention of unreasonable profits is promised and profiteering will be challenged with all the legal and moral powers of government and the people.

Railroads and Transportation

Present railroad inefficiency due to the withering hand of government control and operation and opposition to government ownership is reaffirmed. The government must play its part in restoration. Returns must be so gauged to enlist necessary capital and we must foster as well as restrain. Development of highways with federal cooperation is endorsed and development of international waterways as well as free use of the Panama canal for use of American shipping is urged.

Agriculture

A new and forward looking program is called for. Farmers should be encouraged to join cooperative organizations to market their products and agriculture should be encouraged. Reclamation and irrigation should go forward with federal aid.

Tariff

Belief in protective tariff is asserted and its saving Americanism will be called for again.

Budget

The budget will effect a helpful reformation and federal departments should be made more business like and return thousands of employees back to productive work.

Merchant Marine

America should be the leading maritime nation of the world and the government should aid in expanding trade abroad both in revealing markets and speeding cargoes.

Preparedness

The navy should be ample for protection and able to assure dependable defense. The army should be small but the best in the world with a mindfulness for preparedness that will avoid the unaffordable cost of our previous neglect.

Immigration

Standards should be with a view to future citizenship and every man who becomes a citizen must become an American heart and soul.

Child Labor

Every forward step in unshackling child labor should be held and

conditions of woman's employment be elevated.

Ex Service Men

They have our gratitude which must have genuine expression. The sacrifices made should be requited and those still suffering disabilities should be abundantly aided.

Suffrage

It is earnest desired that the suffrage amendment be ratified. All women are urged to accept the responsibilities that suffrage will bring.

Taxation

War taxes must be revised to meet peace needs and in the interest of equity in distribution of the burden.

Liberty Bonds

The government should make liberty and victory bonds worth all that citizens paid in purchasing them.

Lynching

The federal government should stamp out lynching and negro citizens should be guaranteed enjoyment of rights.

LIVE STOCK NOTES

Self-feeders save time and labor in feeding swine.

The hog is the cheapest producer of animal fat.

No animal parasite is quite so persistent as the hog louse.

With the sow particularly good feeding and plenty of exercise are important.

If proper care is given the ewe previous to lambing many losses can be prevented.

In the selection of the brood sow it is essential that uniformity of size and quality be maintained.

Necrobacillosis, known as pigs as sore mouth, bull nose and snuffles, is controlled by cleansing and disinfecting house and feeding places, and isolation of affected pigs.

SCOUT FIRST AID SAVES LIFE.

Theodore E. Curtis of Troop 22, Salt Lake City, probably saved the life of Henry C. Kratz in Cottonwood Canyon, when all the fingers on his left hand and the thumb on his right were blown off by the explosion of a giant dynamite cap which he had found lying near where miners had been blasting. Kratz was taken into a nearby scout camp. W. D. Wood, scoutmaster, reports: "Both hands were bleeding profusely. Young Curtis applied first aid and bandaged the two torn hands so skillfully that the hospital physician sent a note congratulating the boy on the thoroughness of his timely treatment, which perhaps saved Kratz's life."

USED SCOUT WATER TELESCOPE.

Miss Emily McCarthy, a nurse of Meriden, Conn., disappeared, and her hat was found in Black pond, indicating that she had drowned, probably by falling into the water in the dark and becoming confused. Every effort to find the body by dragging failed, so Scout Executive John D. Roberts made a water telescope from a keg, with a glass bottom. Holding this over the side of a boat and peering into the depths of the pond, the body of the missing nurse was finally seen and brought to shore.

THE NEW OVERLAND

On Triplex Springs nimbly glided over the nation's roughest roads has written a wonderful story of Stamina. The story began with the unprecedented pre-production test covering 250,000 miles of the wild country of the great Southwest. In its first eight months of service among 75,000 owners climax upon climax has been piled up in records of extraordinary performance.

The remarkable performance of the Overland is due largely to its jar-absorbing Triplex Springs, which prevent the usual pounding of rough roads from causing discomfort to passengers. They also reduce the stress and strain on motor and chassis, preserving the car for longer wear and reducing upkeep. The chassis itself of finest alloy steel adds to the stamina of the car as a whole.

The success of the Overland Triplex Springs has changed the attitude of thousands toward the light type of motor car. You cannot truly appreciate the comfort, economy and stamina of the new Overland until you have actually ridden in this car.

AN ERROR

of 2 millimeters in measuring the distance between the pupils of the eyes, when fitting glasses, may seem insignificant, but in reality would cause you much pain and discomfort in certain forms of eyestrain. Our eye examinations are so carefully and skillfully performed that errors are virtually impossible.

J. Kennard Allen

NOTICE OF FINAL SETTLEMENT OF ESTATE

Notice is hereby given to the creditors, heirs and legatees of James Meal, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 8th day of September, 1920, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship and receive their distributive shares.

Witness, the Clerk of said Court, this 7th day of July, 1920.

LOREN MARTIN,
Clerk Rush Circuit Court.

July 8-15-22-25

For Overland Hauling see M. J. Mascari. Phone 2226. Prices reasonable. 991f

Fence Posts That Resist Decay

Long-Bell Fence Posts are made decay proof and fire resistant by treating with Creosote (Dead Oil of Coal Tar) by the pressure-vacuum process. This preservative penetrates the entire sapwood.

We have these Long-Bell Posts in our big stock of building supplies, and recommend them as the best you can buy. We will consider it a pleasure to have you come in and let us help you figure on fence and other building plans.

BARGAINS ARE ALWAYS ADVERTISED

"I Read an Advertisement the Other Day—"

How many times have you heard those seven words spoken in the course of ordinary conversation!

The speaker then goes on to tell about a new invention to lighten housework—or a new table product—or a new farm implement—or a new idea in clothing—

Always something new!

Advertisements are an endless source of information—much of it directly interesting and important to you.

Read the advertisements. They tell you what is going on in the world. They tell you how you can live better. They tell you how you can live more economically.

Read the advertisements as
you do the news columns.
